**Pocket Sabre™ 1820 Flashlight**

The Pocket Sabre 1820 flashlight descended from Pelican's famous SabreLite 2000. Built to last, the unbreakable ABS body resists chemicals, water and corrosion. The polycarbonate lens and focused Xenon lamp module produce a tight white beam that penetrates any hazardous condition. All these features and safety approvals, too. It comes with a twist-on shroud, is submersible, and powered by 2 C alkaline cells.

Minimum Pack 6 ea.  
 Packaged Weight: 9.4 oz.
