WE'RE FILLING IN THE GAPS

Pelican understands that finding the right protection, with the perfect fit for your gear, is a priority. Pelican™ Air began with long protection and quickly grew to offer you deep protection. The time has come to combine those two in order to create Pelican's new Long/Deep Series. Gone are the days of dangerously forcing your equipment into the wrong size case or leaving it unprotected with no other options. With Pelican's Long/Deep series, we've created the missing link so that no matter the demands of your gear, Pelican has you covered.

GROWING AND GROWING

Since 1976 our original Pelican™ Protector Case™ line has grown to over 60 unique sizes but that is still not enough. Pelican™ Air cases offer both long, deep, and long/deep variations you won't find in our Pelican™ Protector Case™ line. Now with 4 new additions, you can get the perfect fit.

LIGHTWEIGHT PROTECTION WITHOUT COMPROMISE

Take the strain out of transporting your gear with the toughest and lightest cases Pelican has to offer. Many models also feature stainless-steel ball bearing wheels to let you roll in and out with ease.

GET YOUR LATCH ON

Our newest models now feature Press and Pull latches, making it easier to securely lock and open your case with a light touch.
